INDEX

Volume 9, September 1979–May 1980

Journal of College Science Teaching

Author Index

Ahl, Alwynelle S., and Helen B. Hiscoe. *Teaching Human Reproduction–Scientific Facts and Social Issues.* September: 28. (How We Do It)

Auslander, Susan B. *Minimizing Math Anxiety: Help for the Sciences.* September: 17.

Ball, Stuart W., and Van E. Neie. *The Physics of Human Motion.* May: 277. (How We Do It)

Barnard, Walther M., and David M. Taylor. *A National Science Foundation Student-Originated Project.* May: 269. (How We Do It)

Bartlett, Albert A. *Let's Not Continue to Ignore Boundary Conditions.* January: 134. (Editorial)

Beltran, David R., Ellen P. Hervey, and Hendrik Keyzer. *Teaching with the Commercial Microwave Oven.* November: 91. (How We Do It)

Berendzen, Richard. *The Need for Close Encounters.* September: 16. (Editorial)

Biermacher, Kenneth W., and Peter J. Desio. *Photography Through a Microscope: Crystal and Color Tests of Drugs.* September: 35. (How We Do It)

Blaustein, Ernest H., Contributing Editor, *Books.* September: 41; November: 102; January: 161; March: 224; May 291.

Bork, Alfred. *Computer Graphics in Learning.* January: 141.

Bretton, Henry L. *On the Necessity of Research in Teaching.* November: 96. (Point of View.)

Brooks, David W., Gwen C. Nugent, and Thomas J. Tipton. *The Teaching of Values.* January: 151. (How We Do It)

Brouwer, W. *A Physics Teaching Workshop.* March: 197.

Carlson, Gaylen R. *Insight into Piaget's Theory: The Foundation.* September: 22.

Corcos, A., L. R. Krupka, and A. Vener. *Biology Texts and Aging: A Neglected Area.* May: 272. (How We Do It)

Cronquist, Arthur. *Taxonomy.* November: 76.

Cunningham, R. S. *A Statistics Laboratory Using Computer Graphics.* September: 31. (How We Do It)

Derrick, M. Elizabeth. *Mastery Learning Units for Some Fundamental Concepts in General Chemistry.* January: 155. (How We Do It)

Desio, Peter J., and Kenneth W. Biermacher. *Photography Through a Microscope: Crystal and Color Tests of Drugs.* September: 35. (How We Do It)

Ferron, William L., Donna P. Mosher, and Melvyn W. Mosher. *Sulfa Drugs: Synthesis and Antibacterial Action.* January: 152. (How We Do It)

Frankel, Saundra, and Jacqueline LeBlanc. *Undergraduate Instrumentation Training in Clinical Chemistry.* May: 284. (How We Do It)

Gadek, Frank J. *The Science of Enology: An Unusual Laboratory Course.* March: 206.

Hackerman, Norman. *Undergraduate Science Education.* May: 252. (Editorial)

Hassell, C. Alton. *Another Alternative Learning Resource: Teacher's Lecture Notes.* March: 220. (How We Do It)

Hervey, Ellen P., David R. Beltran, and Hendrik Keyzer. *Teaching with the Commercial Microwave Oven.* November: 91. (How We Do It)

Hiscoe, Helen B., and Alwynelle S. Ahl. *Teaching Human Reproduction–Scientific Facts and Social Issues.* September: 28. (How We Do It)

Hoff, Darrel B. *The Participatory Lecture.* March: 217.

Hurst, Robert N. *Data Sets–Steps into Science.* March: 214. (How We Do It)

Jackman, Lance E. *Programmable Hand-Held Calculators in Biochemistry Laboratory Courses.* November: 94. (How We Do It)

Jacobel, Robert W. *Resources and Technology in Developing Nations–A Semester Study Abroad.* March: 193.

Kauffman, George B., Contributing Editor, *Abstracts.* September: 45; November: 106; January: 165; March: 230; May 295.

Kauffman, George B. *Principal Net Equations for Expressing Chemical Reactions.* November: 83.

Keyzer, Hendrik, David R. Beltran, and Ellen P. Hervey. *Teaching with the Commercial Microwave Oven.* November: 91. (How We Do It)

Koubek, E., and J. V. Prestia. *A General Chemistry Experiment to Determine the Atomic Weight of a "New" Metal.* November: 93. (How We Do It)

Krause, Leonard M. *Report from the President.* November: 66. (About NSTA)

Krupka, L. R., A. Vener, and A. Corcos. *Biology Texts and Aging: A Neglected Area.* May: 272. (How We Do It)

Kyle, William C. Jr., James A. Shymansky, and John E. Penick. *How Do Science Laboratory Assistants Teach?* September: 24.

Larson, James H. *The Pulfrich Illusion–A Twist for the Simple Pendulum.* November: 89. (How We Do It)

LeBlanc, Jacqueline, and Saundra Frankel. *Undergraduate Instrumentation Training In Clinical Chemistry.* May: 284. (How We Do It)

Lestingi, Francis S., Contributing Editor, *Instructional Media.* January: 169; March: 227; May: 298.

Lindauer, Ivo E., and Gary Loren McCallister. *Teaching Teachers to Teach.* March: 211. (How We Do It)

Linder, Harris J., Contributing Editor, *Instructional Media.* September: 50; November: 109.

Lockwood, Linda Gail. *What My Students Have Learned About Classroom Ecology.* November: 80.

McCallister, Gary Loren. *Soft Drinks as a Source of Carbon Dioxide: Use in the Excystation of Coccidian Oocysts.* May: 276. (How We Do It)

McCallister, Gary Loren, and Ivo E. Lindauer. *Teaching Teachers to Teach.* March: 211.

McDermott, Lillian C., Leonie K. Piternick, and Mark L. Rosenquist. *Helping Minority Students Succeed in Science. I. Development of a Curriculum in Physics and Biology.* January: 135.

McDermott, Lillian C., Leonie K. Piternick, and Mark L. Rosenquist. *Helping Minority Students Succeed in Science. II. Implementation of a Curriculum in Physics and Biology.* March: 201.

McDermott, Lillian C., Leonie K. Piternick, and Mark L. Rosenquist. *Helping Minority Students Succeed in Science. III. Requirements for the Operation of an Academic Program in Physics and Biology.* May: 261.

Mosher, Donna P., William L. Ferron, and Melvyn W. Mosher. *Sulfa Drugs: Synthesis and Antibacterial Action.* January: 152. (How We Do It)

Mosher, Melvyn W., Donna P. Mosher, and William L. Ferron. *Sulfa Drugs: Synthesis and Antibacterial Action.* January: 152. (How We Do It)

Muller, Steven. *The Role of the Curriculum in the New American University.* May: 288. (National & Legislative View)

Mullins, John A., and Ronald W. Wilson. *Data Handling Using the Celestial Sphere.* November: 87. (How We Do It)

Nechamkin, Howard. *Some Experiments in Tungsten Chemistry.* November: 86. (How We Do It)

Nechamkin, Howard, and Aura E. Star. *Silicon in Plant Tissues.* March: 216. (How We Do It)

Neie, Van E., and Stuart W. Ball. *The Physics of Human Motion.* May: 277. (How We Do It)

Nugent, Gwen C., Thomas J. Tipton, and David W. Brooks. *The Teaching of Values.* January: 151. (How We Do It)

Ortleb, Edward P. *Report to the Membership.* September: 12. (About NSTA)

Paldy, Lester G., Contributing Editor, *National and Legislative View. Analysis of NSF CAUSE Awards for FY 1979,* November: 98; *The Department of Education and NSF Science Education,* January: 159; *Analysis of Peer Review Procedures at NSF,* March: 222.

Paldy, Lester G. *Thoughts for a New Decade.* March: 192. (Editorial)

Penick, John E., James A. Shymansky, and William C. Kyle, Jr. *How Do Science Laboratory Assistants Teach?* September: 24.

Piternick, Leonie K., Lillian C. McDermott, and Mark L. Rosenquist. *Helping Minority Students Succeed in Science. I. Development of a Curriculum in Physics and Biology.* January: 135.

Piternick, Leonie K., Lillian C. McDermott, and Mark L. Rosenquist. *Helping Minority Students Succeed in Science. II. Implementation of a Curriculum in Physics and Biology.* March: 201.

Piternick, Leonie K., Lillian C. McDermott, and Mark L. Rosenquist. *Helping Minority Students Succeed in Science. III. Requirements for the Operation of an Academic Program in Physics and Biology.* May: 261.

Poitras, Adrian W., Contributing Editor, *Equipment and New Products.* September: 53; November: 112; January: 173; March: 235; May 301.

Prestia, J. V., and E. Koubek. *A General Chemistry Experiment to Determine the Atomic Weight of a "New" Metal.* November: 93. (How We Do It)

Rosenquist, Mark L., Lillian C. McDermott, Leonie K. Piternick. *Helping Minority Students Succeed in Science. I. Development of a Curriculum in Physics and Biology.* January: 135.

Rosenquist, Mark L., Lillian C. McDermott, and Leonie K. Piternick. *Helping Minority Students Succeed in Science. II. Implementation of a Curriculum in Physics and Biology.* March: 201.

Rosenquist, Mark L., Lillian C. McDermott, and Leonie K. Piternick. *Helping Minority Students Succeed in Science. III. Requirements for the Operation of an Academic Program in Physics and Biology.* May: 261.

Rowe, Mary Budd, Contributing Editor, *Research*
